Appendix C

C1 Overview of Methodology and Definitions

The Annual Employment Survey is carried out by postal survey and an extensive telephone follow-up.

In line with previous years, census returns as at 31st October for Permanent Full-time and for Temporary, Part-time and Short Term Contract employment combined were sought.

In the presentation of the results, we have reflected the nationality of any companies at the time of reporting. In the light of changes of ownership, the inclusion of new companies and the correction of identified errors, historic employment figures have been restated where appropriate. Therefore, the figures may differ from those previously reported.

C2 Definitions

- Permanent Full-Time: Employees who have been employed full time for nine months or longer or who will be on contracts of nine months or longer on 31st October 2012.
- Part-time, Temporary & Short-term Contracts: Employees who have been employed for less than 9 months in the 12 months to 31st October 2012 or who are on employment contracts of less than 9 months or employed on a casual basis.
- Job Gains: Increase in employment, on a company by company basis, arising in the survey year over and above the company's employment level in the previous year.
- Job Losses: Decrease in employment on a company by company basis, arising in the survey year.
- Net Change: Difference between the total job gains and the total job losses in the survey year.
